

INDAL KUMAR

indalkumar62073@gmail.com | +91-6207304062 | linkedin.com/in/indalkumar7562 | github.com/Indalkumar7562

Summary

B.Tech Computer Science student with strong analytical, data-handling, and execution skills, backed by project experience in data organization, dashboards, and process automation. Proficient in Excel, Google Sheets, and Python-based data analysis (Pandas, NumPy, Matplotlib), with proven ability to turn data into actionable reports. Comfortable using GenAI tools (ChatGPT) for content/email drafting. Seeking a Business Analyst / Operations role to support data-driven decision-making and operational execution.

Relevant Experience & Projects

UniScholar – AI-Powered Universal Scholarship Application

Nov 2025 – Jun 2026

Data Analysis, Dashboards, Documentation, REST APIs / [GitHub](#)

- Analyzed user eligibility data and built a prediction/reporting workflow, reducing manual scholarship search and shortlisting time by nearly 70%.
- Owned end-to-end execution: requirements gathering, dashboard design, document tracking, and real-time notifications, coordinating across design and backend components.

Multi-Agent AI Platform

Jul 2026

Process Coordination, Reporting, Dashboards / [GitHub](#)

- Coordinated multiple task workflows (agent-to-agent communication) to streamline complex, multi-step processes – directly analogous to cross-team operations coordination.
- Built a responsive dashboard for tracking task status and outputs, plus automated PDF report generation.

Inventory Database Management

Aug 2025 – Dec 2025

Operations Tracking, Data Management, MySQL

- Built and maintained a system for tracking inventory records, approvals, and stock updates – improving accuracy and reducing manual reconciliation effort.
- Collaborated in a two-member team, maintaining clear documentation and structured testing to ensure data integrity.

Skills

Data & Reporting Tools: Excel, Google Sheets, Data Analysis, Pandas, NumPy, Matplotlib, Seaborn, Plotly

Operations & Execution: Process Tracking, Documentation, Dashboards, Cross-Team Coordination, Attention to Detail

Communication & GenAI: Written & Verbal Communication, Email/Content Drafting with ChatGPT, Meeting Notes & Follow-ups

Technical Background: React.js, Node.js, Express.js, MongoDB, REST APIs, SQL, Python, Java, C, C++, JavaScript

Tools & Platforms: Git, GitHub, Postman, VS Code, Docker, AWS, Render, Vercel

Relevant Coursework: Data Analysis & Data Visualisation (DADV), Software Engineering (SE), AWS Fundamentals

Education

Parul University

2023 – 2027 (Expected)

B.Tech in Computer Science and Engineering, CGPA: 7.90/10

Vadodara, Gujarat

RPS Public School (CBSE)

2021 – 2022

Higher Secondary (Class XII)

Muzaffarpur, Bihar

RPS Public School (CBSE)

2019 – 2020

Secondary (Class X)

Muzaffarpur, Bihar

Certifications

Data Analytics Essentials [Verify](#)

Aug 2026

Cisco Networking Academy

AWS Academy Cloud Foundations [Verify](#)

Oct 2025

AWS Academy

Computer Networks & Internet Protocol [Verify](#)

Jan – Apr 2025

NPTEL

Achievements

- Solved 150+ Data Structures and Algorithms problems, reflecting strong structured problem-solving ability applicable to operations.
- Delivered multiple end-to-end projects independently and in teams – from requirements gathering to reporting and documentation.
- Active GitHub contributor; strong attention to detail across data-driven, execution-focused projects.
